

2019 International Culture Summer Camp

Volunteer Recruitment Information

1. Purpose

Tuku Township, located in the heart of Yunlin County, adjacent to Huwei (a prosperous city), has a variety of agricultural product. However, Lunnei Community, in the northwest of Tuku Township, is a remote area. It is characterized by limited learning resources and learning opportunities for pupils. Besides, our target school-Hong Lun Elementary School only has sixty-one students in total. Students' parents mainly make a living by growing herbs and peanuts and thus 50% of them are underprivileged family.

One of the basic abilities from Taiwan Grade 1-9 Curriculum Guidelines (from 2008) is cultural awareness and global perspectives. That is, students have to learn and respect various social and cultural groups. It's important to learn to understand and appreciate historical culture of our country and the world. In this way, they will recognize that the world is a global village and cultivate a global perspective of mutual trust and mutual assistance.

Therefore, the International Culture Summer camp will recruit international volunteers and Taiwanese volunteers to assist local children in Tuku Township to learn about local culture and beauty. Through the summer camp, we hope to motivate these children to develop more of an interest in foreign languages and a global perspective. Volunteers will also develop a new perspective of mutual trust and mutual assistance.

2. Organizing Units

Sponsor: The Fentay Charitable Foundation

Organizer: Service Learning Section, Office of Student Affairs, National Yunlin University of Science and Technology

Co-organizer: Tuku Hong Lun Elementary School

3. Dates and Locations
